ADDRESS TO THE SUBSCRIBERS.

THE Committee of Management of the ROYAL ACADEMY OF MUSIC have much pleasure in laying before the Subscribers a list of all the Pupils who have been received into the Institution since its first foundation; and from the satisfactory way in which so many have been enabled to establish themselves in their profession, and the very distinguished position which they have acquired in it, (mainly owing to the advantages derived from their academical education,) the Committee hope the Subscribers will feel that their valuable assistance and support to this national and charitable Institution has not been bestowed in vain.

Of the 394 Pupils whose names are herein recorded, 34 have been, and 8 are, at present, educated gratuitously, and 169 have been educated on terms so much below the regulated payments, as to leave nearly the whole charge of their education to be borne by the Institution; and the rest (who have made the full payments required by the regulations of the Academy) are calculated, upon an average, as defraying little more than one-half of the expenses incurred by them; while the more advanced pupils, requiring the first class of Masters, pay nothing even approaching to this proportion; and it is to the carrying out of these objects, to the supplying the deficiency of means where talent is evinced, that the subscriptions and resources of the Institution are applied.

ii.

The general good conduct and respectability of the Students who have been brought up in this Institution, and the honourable position in which the greater part of them have been enabled to place themselves, the skill and science by which they are distinguished in their profession, are the best reward of all the labour and anxiety with which its establishment upon the firm footing on which it is now placed, has hitherto been attended.

BURGHERSH,

Chairman of the Committee of Management.

REGULATIONS

- I.—All orders, whatever, for the government and regulation of the Academy, emanate from the Committee, whose decisions are delivered, through their Chairman, to the different Officers of the Establishment.
- II.—All branches of Music are taught in the Academy. The particular branch for which the Students enter, is at their choice; should the choice be Harmony, Harp, or Piano, the male Students will be required to learn, in addition, any Orchestral Instrument the Committee may require; and all the Students will receive instruction in Harmony.
- III.—The payments are to be made half-yearly in advance.
- | | |
|--------------------|-----------------------|
| IN-STUDENTS | 50 Guineas per annum. |
| Entrance | 10 Guineas. |
| OUT-STUDENTS | 30 Guineas per annum. |
| ENTRANCE | 5 Guineas. |
- One quarter's written notice must be given on either of the quarter days previous to that on which the Pupil is to be withdrawn.
- IV.—Candidates for admission must attend to be examined on Thursdays, at two o'clock, with a recommendation from a Subscriber or an Associate.
- V.—The Students must provide themselves with the Instruments they propose, or are appointed, to learn.
- VI.—There are 40 weeks' tuition given in the year, and vacations twice a year, to be regulated by the committee.

VII.—The Students will be required to pay implicit obedience to all persons placed in authority over them; and to attend punctually at the hours appointed for their instructions, and at all orchestral practices, rehearsals, and public performances, at which their services may be required.

VIII.—The Students will give instructions in the Academy, according to the directions they receive, and those who are most capable will be appointed Sub-Professors.

IX.—Students, if sufficiently advanced, will be allowed to take Pupils out of the Institution, and also to accept of public and private engagements; but no person whilst a Pupil at the Academy, shall, on any account, enter into any engagement whatever, without first obtaining the sanction of the Committee, nor will any such engagement be allowed to interfere with any service which may be required for the Academy.

X.—The Committee will also make such engagements for the Students as they shall think fit, to the punctual discharge of the duties of which the Students are required to give the strictest attention.

XI.—No Student shall publish any composition without first obtaining the sanction of the Committee, a copy of all compositions so published must be presented to the Library of the Academy.

XII.—On leaving the Academy, the Students will receive, according to their merits, one of two Classes of Certificates as to their conduct, the studies they have been engaged in, and their general fitness to undertake the duties of the profession of Music. All persons receiving the first Class of these Certificates (whose services are expected where the interests of the Institution are concerned) will be registered as Associates, and entitled (under the control of the Committee) to the following privileges:—

The power of recommending persons wishing to become Students of the Academy.

Admittance to the general Rehearsals and Concerts.

The permission to perform at these Concerts, and also to produce their compositions at them.

And a claim to the aid and assistance of the Institution in their professional career.

XIII.—Any infringement, or violation, of the Regulations, or any discreditable or improper conduct, will subject the Student, at the discretion of the Committee, to be dismissed from the Institution, or an Associate, to the erasure of his or her name from the Register.

The above Regulations are
approved by the Committee
and Brethren, acting under
the Charter given by His
late Most Gracious Majesty
King George the Fourth.

Signed,

Chairman of the Committee of Management.
